

NORMAN PUBLIC SCHOOLS

NPS uses Peachjar to share community information with families. Approved flyers are available to parents electronically via Peachjar on the district's website and the Peachjar mobile app.

Thursday Folders are for academic information only.

Every group wishing to share information (flyers) must have a Peachjar account. NPS school sites are not allowed to upload flyers for outside organizations. A school site can only upload flyers for their school. This includes PTAs, PTOs, booster clubs, etc. If you are a PTA, PTO, booster club, or other school group, please contact Student Services.

More information can be found at www.normanpublicschools.org/peachjar. You may request a Peachjar account at peachjar.com. If you have questions about using Peachjar to share free community events with our students and families, contact Peachjar Support Team at 858-997-2117 (Option 1) or email support@peachjar.com.

Before uploading flyers please should review [NPS Policy 2003](#), which covers Distribution of Materials, to make sure flyers comply with district guidelines.

Flyers submitted through Peachjar are approved or rejected by the NPS Student Services office, according to Policy 2003.
