Dream Big!

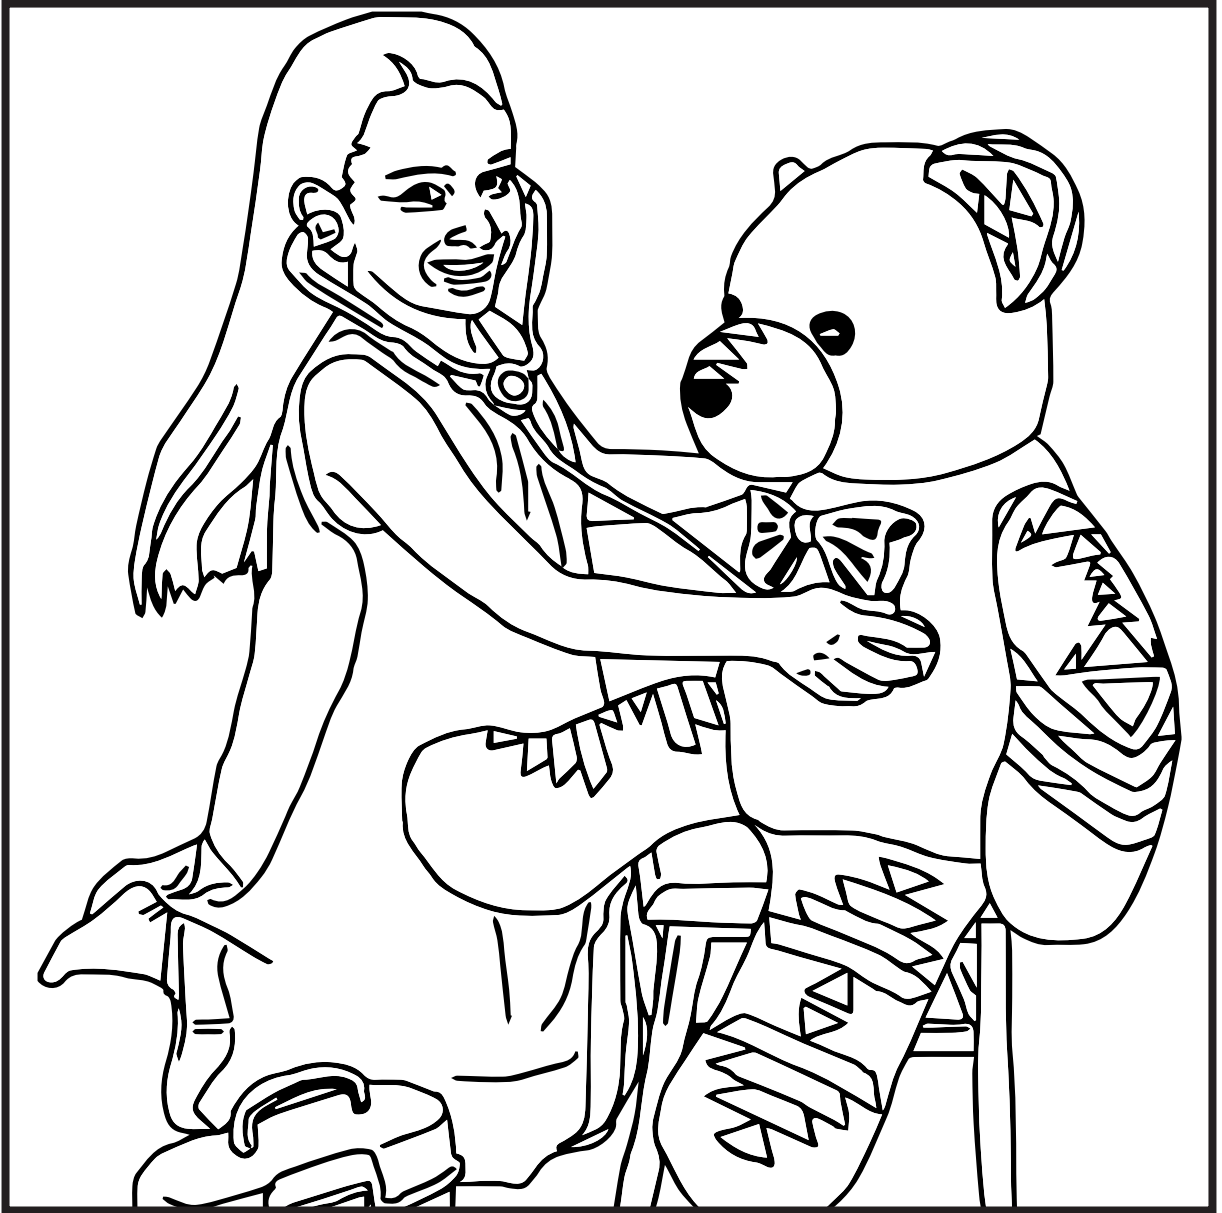

When I grow up I want to...

College Links

This book belongs to:

I want to KEEP PEOPLE HEALTHY

Going to the doctor keeps you healthy. If you want to be a Nurse, Doctor, Dental Hygienist or Dentist, pay attention in your math and science classes.

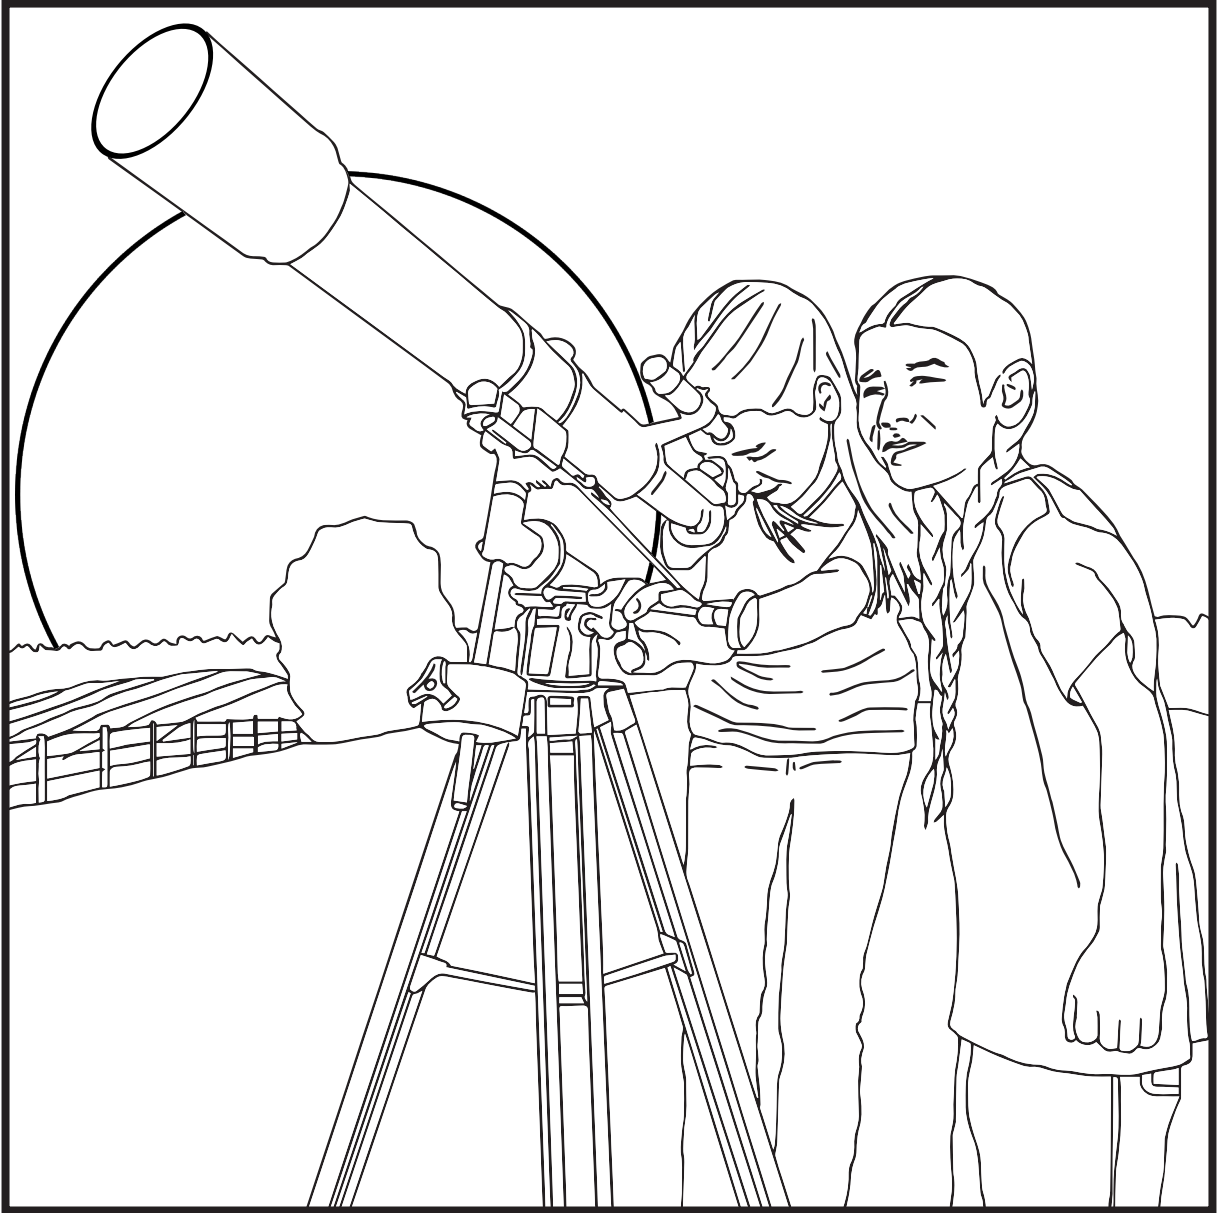

Jeannine Rainbolt College of Education Building

I want to **WORK IN THE ARTS**

Artists create wonderful works of art that are appreciated by all who see. Become a Painter, Sculptor, Director, or Actor and create the world's masterpieces.

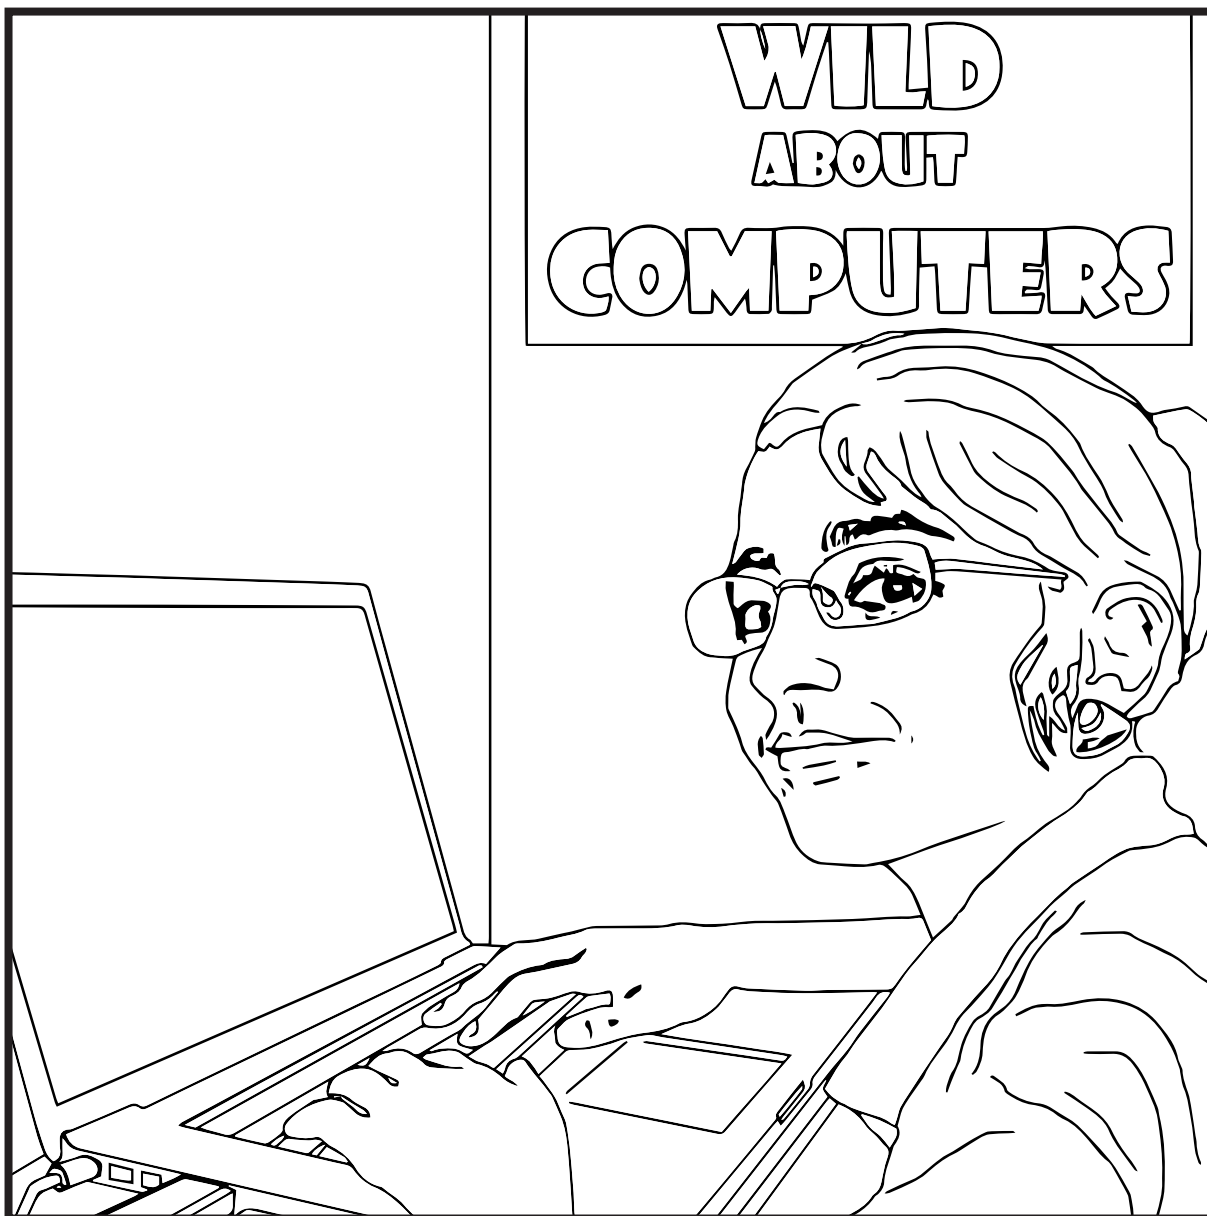

I want to **STUDY THE SKY AND STARS**

Help foster scientific curiosity, science literacy and the joy of exploration & discovery by becoming an Astronomer, an Astronaut, or an Aerospace Engineer.

**Gaylord Hall
College of Journalism and
Mass Communication**

I want to LEARN ABOUT COMPUTERS

Do you love to work with computers? Continue your life career as a Computer Engineer, a Video Game Designer/Programmer, a Technical Writer, or a Graphic Designer.

Owen Field
Gaylord Family Oklahoma Memorial Stadium

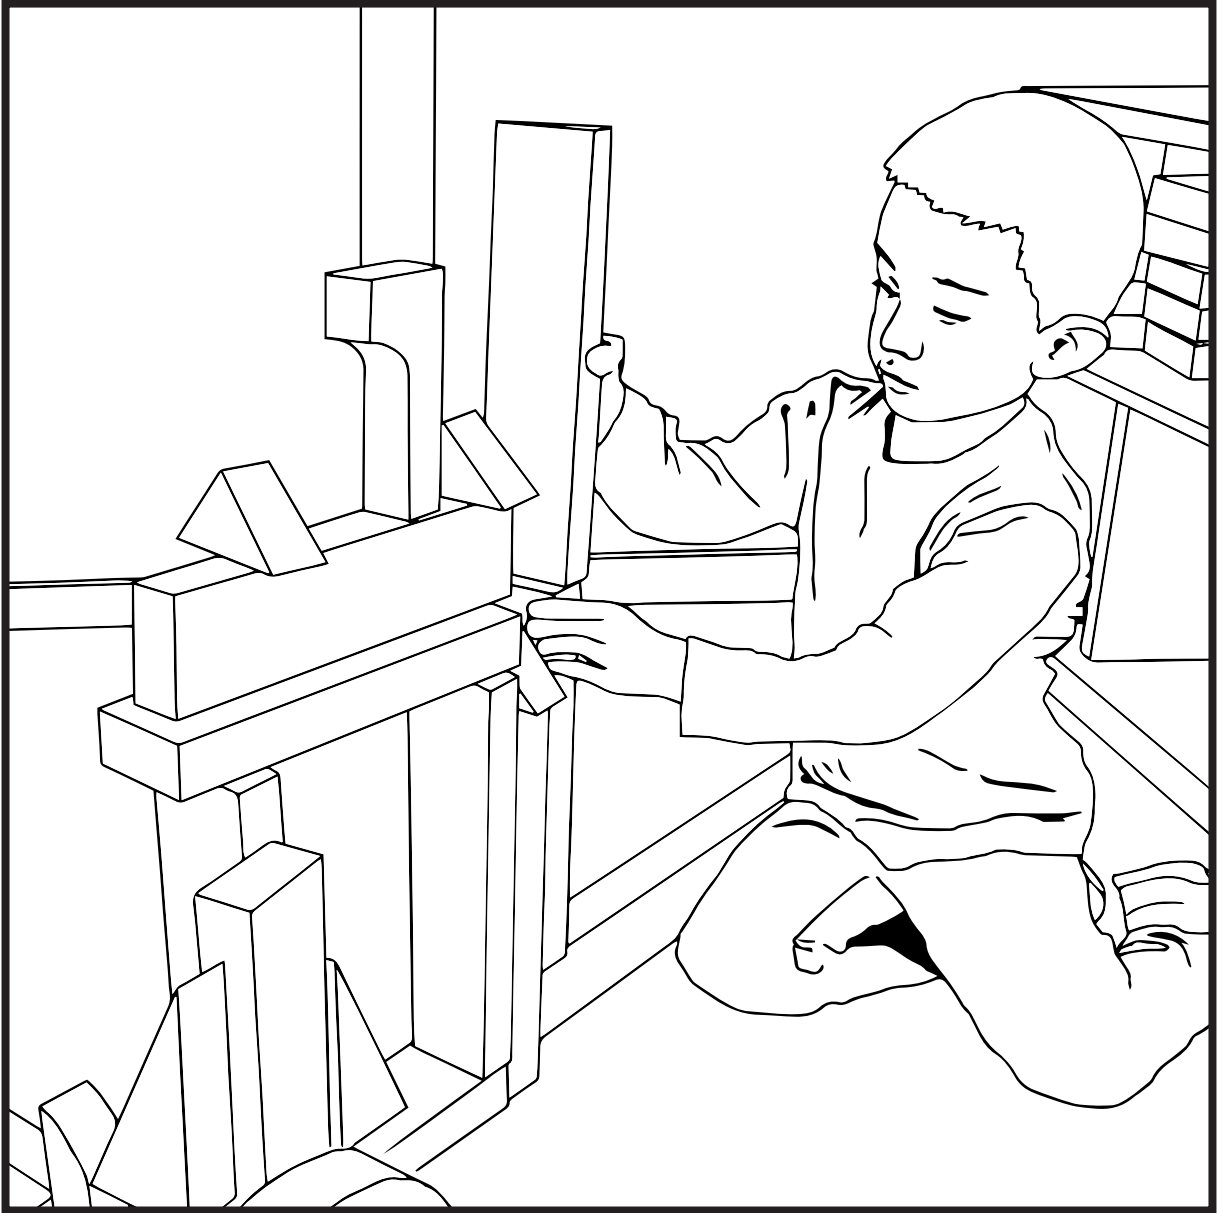

I want to PLAY SPORTS AND EXERCISE

Do you love to be active? Coaches use their love of sports and exercise to teach others about how to be healthy and take care of their bodies.

I want to **EXPLORE THE WORLD**

Travel is fun and exciting! Anthropologists, Oceanographers, and Archaeologists study cultures, oceans, and fossils from all around the world.

I want to **CREATE AND BUILD**

Design reaches every aspect of our lives. Design buildings, furniture, and landscapes by becoming an Architect, an Interior designer, or an Engineer. Help us build a beautiful world.

Couch Cafeteria University of Oklahoma

I want to **WORK WITH FOOD**

Working with food allows you to make healthy choices. Be a Chef, Dietician, or an Agriculture Inspector and help to bring safer and healthier choices to the menu.

I want to BE AN ENTERTAINER

Do you love to sing, act, or pretend? Let your talents and imaginations flourish by becoming a Singer, Musician, Writer, or Producer. Be a star and let your light brighten the world!

I want to BE A SCIENTIST

There is a whole world that you cannot see with your eyes. Telescopes help you see things far away and microscopes help you see things up close. If you like to discover new things never seen before, you will love science!

**Great Reading Room
Bizzell Memorial Library**

Dear student,

I hope you had fun today as you visited the University of Oklahoma.

Remember to arrive to school on time, always do your best in school and READ!!!

Have a great school year and have fun learning!

Sincerely,
