Students can apply for Pass grades in HS credit classes following the fall ‘20 semester. In lieu of a traditional A-D grade, students will have a “P” placed on their transcript for passed classes. Pass/Fail grading will be beneficial to some students, but not all. It is important that students and families closely review and acknowledge the considerations below and consult with school counselors and administrators to make the best decision for their individual circumstance.

❖ A “P” will count as successful passing of a HS credit course toward graduation requirements.
❖ If a student earns a passing grade (60% or higher) at the end of the semester, “P” will appear on the transcript rather than the traditional A-D grade.
❖ Requesting a “P” does not guarantee that the request will be granted.
❖ Virtual and ExpandED students may request Pass grades as well.
❖ A “P” will not be calculated in a student’s GPA.
❖ A “P” will not be calculated for internal organizations (Natl. Honor Society, etc.)
❖ Students/parents may not request a change back to a traditional A-F grade on the transcript once the Pass option is approved.
❖ It is important to consider GPA, college admissions, and other factors before opting to apply for Pass grading.
❖ Each college or university determines their own criteria for admission and review.
❖ There is not a standard method for colleges to review Pass grading; therefore, it is important to check with individual colleges regarding their criteria.
❖ “P” grades will not be calculated in GPA for Oklahoma Promise purposes for 2020-2021.
❖ “For NCAA-approved core courses completed in 2020-2021 that have been issued a grade of Pass, the NCAA Eligibility Center will apply the credit earned in these courses toward the core-courses requirement in the student’s certification. If the student’s core-course GPA would increase by assigning a value of 2.300, this value would be assigned to the Passed courses. However, if the student’s core-course GPA would decrease by including the 2.300 value for the Passed courses, the student’s core-course GPA will be calculated based only on courses with assigned letter grades from previous terms (credit from these courses will still be applied toward the student’s core-course requirements). Note - This will apply to students from all grade levels (e.g., freshman, sophomores) who successfully complete NCAA-approved pass/fail core courses in 2020-21.” (NCAA)

☐ I acknowledge that I understand and agree to all items above (student initial) __________
☐ I acknowledge that I understand and agree to all items above (parent initial) __________

*Request forms will be available on January 6th and must be submitted to a counselor or administrator by January 15th.
Student Name ______________________________

**Pass Grading Request Window - January 6th-January 15th**

I would like to request Pass grading (instead of traditional A-F) for the following courses:

Class 1 ______________________ Teacher Signature ____________________________
Original earned grade ________

Class 2 ______________________ Teacher Signature ____________________________
Original earned grade ________

Class 3 ______________________ Teacher Signature ____________________________
Original earned grade ________

Class 4 ______________________ Teacher Signature ____________________________
Original earned grade ________

Class 5 ______________________ Teacher Signature ____________________________
Original earned grade ________

Class 6 ______________________ Teacher Signature ____________________________
Original earned grade ________

Class 7 ______________________ Teacher Signature ____________________________
Original earned grade ________

Student Signature ___________________________ Date _________________________

Parent Signature ___________________________ Date _________________________
